## Corium Industrial

<b>Corium 50</b>	<b>"Exothermic" Industrial Solvent for Drains</b> A highly-activated industrial solvent that rapidly dissolves and disintegrates stoppages in pipes and drains.
<b>Corium 54</b>	<b>Advanced Cooling Water Treatment Concentrate</b> A newly-developed effective combination of corrosion and scale inhibiting compounds for the treatment of recirculating water system.
<b>Corium 64</b>	<b>Commercial Kitchen Equipment Cleaner</b> A super non-acidic cleaner made with advanced and automatic cleaning compounds. It enhances the overall efficiency of ovens, grills, deep fat fryers, rotisseries and ranges by providing a powerful & complete cleaning solution.
<b>Corium 85</b>	<b>Food Grade Machinery Cleaner</b> A powerful food grade cleaner specially designed to help professional cleaners, hotels, caterers, restaurant operators, food & beverage processing plants and commercial kitchens to perform the highest quality cleaning jobs in the safest ways.
<b>Corium 93</b>	<b>All-Purpose Cleaner For Masonry and Brick</b> All purpose cleaner for brick and masonry. Quickly and efficiently remove mortar residue and rust stains.
<b>Corium 95</b>	<b>Universal Germicidal Cleaner Concentrate</b> Germicidal disinfectant for cleaning with an effective four-way action. It cleans as it disinfects while it softens water and deodorizes.
<b>Corium Z76</b>	<b>Super Powdered Descaler</b> Super effective and safe replacement for dangerous hydrochloric acid. Comes super concentrated with 100% active ingredients. Powdered formula saves handling, storage & shipping costs.
<b>Corium Z79*</b>	<b>"Rust Guard" Metal Protector</b> Forms a golden brown transparent protective coating that effectively seals out rust and all forms of corrosion on all types of metal surfaces – machined, smooth or rough. Also available in bulk as Corium Z790.
<b>Corium Z80</b>	<b>Advanced Boiler Treatment Compound</b> Offers the convenience of handling only one material to control corrosion and scale deposit problems associated with the operation of low to medium pressure boilers.
<b>Corium Z86</b>	<b>"Safety-Plus" Industrial Cleaner Concentrate</b> A research-developed product designed for use in industrial, manufacturing and food processing plants. Completely non-flammable. Concentrated formula dilutes effectively with water. Also available in "Clear" formulation as Corium Z86C.

<b>Corium Z91</b>	<b>"Supra-Ease" Stainless Steel Passivator</b> Features an extremely easy system for rejuvenating burned and oxidized stainless steel. Super cleaning properties. Requires no special equipment, no mixing of chemicals, no special tanks and no special training.
<b>Corium Z97</b>	<b>"Big Blue" Concentrated Multi-Purpose Cleaner</b> A highly effective chemical compound consists of special additives that transform ordinary water into an effective cleaning solution. It is suitable for cleaning and degreasing engines, machinery and other heavy equipment. Easily remove heavy grease.
<b>Corium Z102*</b>	<b>Superior Paint, Ink &amp; Varnish Remover</b> Penetrates into the existing ink, paint, lacquer, phenolic finishes or varnish coating and quickly destroys the molecular attraction between the ink and base materials.
<b>Corium 123*</b>	<b>General Purpose Degreaser</b> General Purpose Degreaser is the new environmental-friendly, multipurpose degreaser formulated with high-purity solvency and fast evaporation properties. Also available in bulk as Corium 1230.
<b>Corium Z127*</b>	<b>"Bolt-Ease" Advanced Penetrating Oil</b> A special maintenance-formulated product designed to ease the arduous problems of seizure, corrosion and free rust-frozen components so common in maintenance. Also available in bulk as Corium Z1270.
<b>Corium Z128*</b>	<b>Multi-Purpose Anti-Seize Compound</b> A thread lubricant and supreme multi-purpose anti-seize maintenance formula containing a sophisticated blend of finely ground metals with anti-seize properties.
<b>Corium 131</b>	<b>Food Grade Grease Spray</b> Is a tenacious food grade grease formulated with high-performance synthetic oil and aluminum complex thickener.
<b>Corium Z157*</b>	<b>Moly Dry Lubricant</b> A new dry lubricant based on molybdenum disulphide (MoS <sub>2</sub> ). Able to withstand temperature up to 1112°F (600°C).
<b>Corium 168*</b>	<b>Electrical &amp; Motor Cleaner</b> Electrical & Motor Cleaner is the latest environmental-friendly, multipurpose NPB (N-Propyl Bromide) based cleaner formulated with high-purity solvent and fast evaporation formulation. Also available in bulk as Corium 1680.
<b>Corium Z199*</b>	<b>Super Silicone Lubricant</b> A super silicone lubricant designed to lubricate and preserve any material against heat, cold, moisture, weathering and corrosion. Ideal for rapid lubrication.
<b>Corium Z253*</b>	<b>Spray-On Gear &amp; Wire Lubricant</b> Penetrates into the pores of metal and wire rope to provide unparalleled lubrication and rust protection. Withstand extreme pressure - will not squeeze out or pound out.

## Corium Adhesive

<b>Corium 4040</b>	<b>Heavy-Duty Metal Repair Compound</b> Contains metallic additives that provides a fully machinable compound, especially adapted for filling cracks, building up metals, and all heavy duty and repair situations requiring rebuilding and machining operations.
--------------------	--

<b>Corium 4060</b>	<b>"Rapid Repair" Machinable Sealing &amp; Filling Compound</b> Handy to use, provides reliable results effortlessly and can be used on parts made of steel, copper, aluminum, cast iron, stainless, galvanized, brass and chrome. It will even seal and repair cracks on hard surfaces like porcelain, enamelware, glass and ceramics.
--------------------	--

## Corium Metal Protection

<b>Corium 838*</b>	<b>"Rust Guard" Anti-Rust Paint</b> An anti-rust top-coat packed in user-friendly aerosol.
<b>Corium 848*</b>	<b>Etch Primer For All Metals</b> A fast drying, single-pack, epoxy etch primer designed to etch and passivate ferrous and non-ferrous metals.
<b>Corium 858</b>	<b>Aqua Primer For All Metals</b> A premium, ultra-safe, water-based primer suitable for all metals.
<b>Corium 78*</b>	<b>Gleaming Zinc Coating</b> Gleaming Zinc Coating is a convenient, anti-corrosion, high-temperature resistant, multipurpose, protective coating spray that forms an irresistibly aesthetic protective finish on ferrous parts & components.

<b>Corium 868*</b>	<b>Rust "ConSealer"</b> A fast drying, convenient rust converter and sealer that can be applied directly to a rusty surface. Also available in bulk 4 litre.
<b>Corium 878*</b>	<b>Anti-Corrosion Coating "Bright Silver"</b> A quick drying, reflective "bright silver" paint with pure metallic aluminum flakes designed to provide excellent resistance for surfaces of iron and steel.
<b>Corium 888*</b>	<b>Zinc-Rich Cold Galvanizing Compound</b> A fast drying, single-pack, zinc-rich coating that provides long-lasting galvanic anti-corrosion protection to metals. Also available in bulk 4 litre.
<b>Corium Z10R-R</b>	<b>Liquid Rust Remover &amp; Passivator</b> A fully concentrated, liquid rust remover and oxidation inhibitor designed to replace dangerous sulphuric and hydrochloric acids.

## Corium Electronics

<b>Corium 603*</b>	<b>"Back-To-Spec" Electronics Cleaner</b> Engineered to be an easy-to-use and highly-effective cleaner for all types of electrical/electronic components and parts. Highly recommended for cleaning, degreasing or flushing away oxides, carbon residues, varnishing build-up and oil contaminants. Non-flammable.
--------------------	---

<b>Corium Z202R*</b>	<b>High Dielectric Red Insulating Varnish</b> A fast, tough, durable method of insulating electrical devices of all types. Protects against dangerous Corona discharge, arcing and high voltage leaks. Positively will not crack under vibration.
<b>Corium Z211*</b>	<b>Moisture Suppressant for Electrical Fittings</b> Displaces water on plugs, points and other delicate automotive parts. Instantly forms moisture barrier.

## Corium Automotive

<b>Corium Z105*</b>	<b>Battery Cleaner &amp; Terminal Conditioner</b> Super effective way to rapidly clean all lead acid batteries without hard labour and mixing dangerous chemicals.
<b>Corium Z107*</b>	<b>Battery Cable &amp; Terminal Protector</b> Forms a corrosion and moisture-proof protection coating that holds power longer. Cuts battery maintenance costs drastically.
<b>Corium Z161*</b>	<b>"Double Action" Power Belt Dressing</b> A fast, easy and clean method of protecting and prolonging the service life of all types of power transmission belts.

<b>Corium Z187*</b>	<b>Super Gasket Remover</b> Features high-energy ingredients that quickly and economically remove old or damaged gasketing compounds and materials from machinery surfaces. Ensures maximum "sealability" when a new gasket is to be used.
<b>Corium Z190*</b>	<b>Superior Gasketing Compound</b> Engineered to replace fully 98% of conventional, old-fashioned gasketing materials that offer limited life and performance. Can be used on virtually all types of flanges, cover plates, hose connections and threaded assemblies.
<b>Corium 191*</b>	<b>Super Hi-Temp Silicone Sealant</b> Super Hi-Temp Silicone Sealant is formulated with RTV (Room Temperature Vulcanizing) silicone that is free from corrosive acid and unpleasant odor.
